Title

Question 1: Please clarify. Is it required for the marketer to bid on both Firm and Interruptible accounts?

Response: No, just preferred.

Question 1a: Or may we bid on one and not the other?

Response: Yes. You may bid in whole and/or in part and the bid will be awarded based on the lowest responsive and responsible bidder(s).

Question 2: Would the County be willing to award all Firm accounts to one marketer and award the Interruptible account to a different marketer?

Response: Yes, the County will review the submittals of all vendors and make a recommendation based on the lowest responsive and responsible bidder(s).

Question 3: Section 3, Point 3: there is no access to monthly volumes for the Interruptible account. Will the County supply this information?

Response: Please reference addendum #1.

Question 3a: Without this info, we will not be able to submit a bid for the Firm account.

Response: Fulton County has therm and dekatherm being supplied throughout the County and the County Jail has dekatherm.

Question 4: Section 3, Point 6: Georgia is considered Zone 4 on the Transco line. May this price be used instead of Zone 2 & 3?

Response: Yes, the County is in Zone 2 & 4. The price for natural gas delivered to Fulton County shall be based on the Monthly NYMEX settlement price with a fixed basis price.

Question 5: Section 3, Point 7: The county is requiring the lowest cost transport to be used. The lowest cost transport may not be available to marketer due to specific releases by AGL. Does this create a potential problem with this specific request of the County?

Response: No.

Question 6: Some of the accounts show zero usage in the summer. Are these being placed on seasonal disconnect? What's the likelihood that the usage will be exactly the same for the accounts that are showing zero usage in the summertime?

Response: Yes, some of the facilities are not used on a daily basis; therefore, there are no charges; that's the reason for zero charges.
